# BONUS: Monthly Group Coaching LIVE with Hima

Every month you'll get to see exactly how I do analysis LIVE and even ask your questions with an open Q&A so you can model my methods and boost your trading that much faster.

### BONUS: Exclusive Facebook Group

The entire FOCUS is to help you maintain FOCUS and stay on track and IMPLEMENT what you learned.

### **OUR TRADING TRIBE SAYS:**

"This is by far the best material on W.D. Gann, written by a practicing trader and technical analyst..Hima Reddy delivers a simple, direct, and very straight forward approach to Gann analysis. This is a necessary addition to a serious trader/technician's toolbox." - William A.

"I "never" thought I'd understand
Gann as everything I'd heard
seemed unintelligible, and as a
consequence I didn't like Gann, but
Hima Reddy did all the work and
made Gann's trading rules eminently
understandable with rules translated
into concepts and fully annotated on
the charts." - Sir J.

"You could make a lifetime of studying Gann, Hima lays out the important works. Successful trading in the markets is about understanding the charts and what they are telling us. Where the entry and exit is, that is what matters in trading. Hima covers the Gann material and how to apply it." - Andrew H.
